Absolutely Stunning Penthouse.. PLEASE SEE VIRTUAL TOUR.. BOAT SLIP WITH LIFT AVAILABLE. I have been selling real estate here over 15 years and I believe this is one of the nicest and most impressive views you will get, Location is prime, Only steps away to Jaycee park where you can enjoy peaceful walks or when they have events like the Jazz and Blues Festival.. As you pull up to the double gated entrance you know you are some place special. Drive straight into the covered garage area and your spot is right there along with a large private enclosed storage area just for you. Then proceed to the elevator to take you to the top floor. Your door is right there. As you enter your place you will see why you will call this home. There are 3 bedrooms and each bedroom has a bathroom, Master bedroom is super large and has its own PRIVATE ELEVATOR. As you enter the master bedroom, once again you have the ultimate views with another gigantic balcony and electric roll down shutters. You also have a massive airconditioned storage room in your place; so storage is not a problem here. Enjoy sitting out at one of the pools of your choice. See Virtual Tour.
